## What have we been learning?

**Reading:** In reading this week we will continue to focus on the main idea of short passages. Students have been finding the main idea of the text along with supporting details. They were also looking for irrelevant details. Students will also be working on answering questions about main idea.

**Math:** In math, we will be working on our data unit. We will be interpreting the data from bar graphs and line plots. Students will be creating questions and gathering data about their own line plots, and interpreting the results through a written paragraph.

**Writing:** In writing, we are finishing up our research papers about our organizations. Students will be sharing their papers with the students in the school on Tuesday. Our coin drive will be on Wednesday, Thursday, and Friday. Please help our organizations by bringing in spare change for your child's favorite charity.

**Science/Social Studies:** In Social Studies, we have been learning about the Tuscarora Native Americans and the European settlers that inhabited Wake County. This week we will discuss the conflict between the Tuscarora and Settlers and focus on the growth of Wake County.

## Upcoming Events:

Report Cards Go Home-  
12/20

Last Day of Quarter 2  
Happy Track Out-  
12/20

Word Study Test 12/13

## HELP!

### *Wish List:*

None at this time.

## Reminders

Please have students study their word study and multiplication facts daily.

Students are assessed daily on their mastery of their multiplication facts. Its important that they are studying at home.

Please check Monday folders for important information from the office and the classroom.
